Lexi Rodriguez

DESCRIPTION

Multimedia arts are a wonderful way to communicate an idea or concept through story and sound. Learn more about the power behind a silent film and how it can be a tool to deliver all kinds of information in a memorable and playful way.

DISCUSSION

- Lexi's silent film taught the basic components of the scientific method; what other methods/instructions would work well in this format? A recipe? Understanding fractions? What else?
- How does the type of music selected change the mood or tone of the film?

SAMPLE TN STANDARDS

Science

SCRE.ETS3: Applications of Science
SCRE.ETS3.1-Research and present information about the history of the development of a scientific theory. Articulate reasons for refinements and/or replacement of this theory over time.

Fine Arts

HS.MT.Cr1.A-Describe and demonstrate how sounds or musical ideas can be used to represent and express visual images, concepts, texts, or storylines through composing and arranging.

MATERIALS

- Phone or camera to record your film
- iMovie or free editing software
- Music
- If recording is difficult, feel free to make a silent live action play with narration or dialogue written on large pieces of paper!
