## Maddie Hicks

### DESCRIPTION

Building on Writing Your Solar System, Maddie launches you into outer space to create your very own, personal art zine. With yourself as the sun, your zine can depict your entire universe of friends, family, character traits, and hobbies. There's no wrong way to make a zine!

### DISCUSSION

- Thinking about perspective and how we shape our stories, are you a planet in someone else's solar system?
- If the solar system metaphor were expanded further, what might comets represent? Solar flares? Meteors?
